Subject: RE: Township of Guelph/Eramosa Hidden Quarry Review
Date: April-30-15 1:33:44 PM

Hi Kelsey:

Further to our conversation this morning and for your file. Where the municipality is the approval authority for a planning application, it is responsible for co-ordinating the review, decision-making and appeal process for planning applications. This includes ensuring that appropriate reports are conducted, and peer reviews are arranged where needed. The municipality is also responsible for ensuring that any decision with respect to *Planning Act* application is consistent with the [Provincial Policy Statement](#), 2014, and conforms to any applicable Provincial Plan.

This email reiterates that partner Ministries (e.g. MOECC and OMAFRA) do not generally provide a broad review of reports related to zoning bylaw amendments, such as Agricultural Impact Studies or Noise Impact Studies. Should you have any specific technical questions with respect to these reports, I would be happy to direct them to the applicable Provincial Ministry for their consideration and response, as possible.

Sincerely,

David Galbraith, B.ES
Planner, Western Municipal Services Office
Ministry of Municipal Affairs and Housing
