## History and secret stories from Dufferin County and the Headwaters Region

We have a full day planned! There is lots to see. Lots to taste and lots of fun!!  
“Daisy Saunders” (Elaine, dressed as a Tavern Girl) will be our guide on the coach.

The day begins with a stop at the award winning, Spirit Tree Estate Cidery in Caledon. This is rather a unique place. It is surrounded by apple trees and if Mother Nature works her magic we may even see some early blooms. Inside, the bakery has a fabulous wood-burning artisan oven. You are sure to find something tasty to take home!! There will be fresh coffee and treats if you wish to purchase any. Taste the Cider if you like.

A leisurely drive to our lunch stop comes next. We will see some of the carved creations in Orangeville as we make our way to Grand Valley’s, Grand Spirits Distillery. Dining will be in their speakeasy dining room with music and period actors that tell us of history and humorous tales of the area during the prohibition era. You have a choice of **“Hearty Speak-Easy Stew with Fixins’** or **“Wild Grilled Salmon with Spring Vegetables”**. **Please choose at time of booking.** There will also be dessert and a Gourmet Vegetarian Pasta, (by Request). Enjoy, as we step back in time - at least for lunch!

The Adamo Estate Winery will serve up tasting samples as they tell us the story of this family owned, winery in the beautiful Hockley Valley.
