

## Joanna Elizabeth Patient Memorial Scholarship Award

This scholarship is given in memory of our beloved daughter Joanna Elizabeth 1975—2011

Joanna lived a difficult life searching for something that would bring her meaning and purpose. Joanna was very capable at school and was respected in her short career in the financial field. Joanna suffered greatly from depression and at 30 years old finally gave up her career and her own home in Mississauga. Joanna returned to our home to live with us in her own apartment in the country, so as she could pursue her dream of attaining a university degree, focusing on criminal and forensic analysis. When Joanna was not suffering from serious depression and related complications she was successful in her courses and was well regarded by the faculty at the University of Toronto.

It is our family's hope that this scholarship award will go to someone in real need. We feel it should be paid out in early January at the start of the second semester as that is the period of time Joanna always needed the most help and when none seemed to be available.

On behalf of our beloved Joanna, ourselves and our family we would like to wish every applicant every success in life.

Janet and David Robart-Morgan
