Building Permit Revenue

JUSTIFICATION

The Building Department is expected to continue to see an increasing volume of residential type permits. Since 2020, residential permits including additions, renovations, small detached garages, accessory apartments, and deck permits have steadily been increasing. It is expected that we will continue to see this rise, as more flexibility within our zoning bylaw is permitting additional dwelling units on properties. Smaller residential type permits create a big work load on a small building department, as the inspector position is intended to keep up with the demand of inspections and bigger type permits. The intention of the coop building department position is to assist in those smaller type residential permits. In the past, this position would be filled by a Construction Engineering Technologist student who possesses the ability to interpret residential building plans and navigate through the Building Code to ensure compliance. The candidate would be able to assist in reviewing residential plans to a point of near completion, where senior staff can review for issuance of the permit. This position has also been a great learning opportunity for students, as they get a lot of exposure to how a building department and municipality works. The Building Official industry is experiencing a lack of enrollment, and the intention of this position is not only to help serve our municipality and department, but also assist the Building Official industry in trying to introduce new recruits into a career that is experiencing more retirement.

TOWNSHIP OF GUELPH/ERAMOSA Department Summary 2023 Budget

DEPARTMENT: Public Works

CORPORATE RESPONSIBILITIES:

- Ensures that the Township's municipal infrastructure such as roads, bridges, sidewalks, water and wastewater systems, and storm water conveyance and treatment facilities are maintained and designed for the appropriate service and protection of the public and meet the Township's standards and good engineering practices
- Project management of major infrastructure projects
- Coordinate special engineering studies required to determine servicing requirements such as sewage flow monitoring, potable water storage and conveyance, road needs studies, biennial structures inspection, environmental assessments, and storm water management monitoring programs

DEPARTMENT: Transportation – Roads

CORE SERVICES:

- Tasks include but are not limited to:
 - o road surface maintenance
 - o storm sewer/catch basin maintenance/repair
 - o road closures
 - o line painting
 - o street sweeping, ditching, and roadside maintenance (grass cutting and brushing)
 - o snow removal
 - o tree maintenance on Township property
 - o noxious weed control
 - o collection of illegal dumping
 - o entrance permits and inspections
 - o road occupancy permits
 - o roads facility maintenance
 - o curb cutting
 - o traffic signs maintenance/repair
- Responsible for the routine, preventative maintenance and safety inspections of Township owned vehicles and related equipment as well as monitoring fuel consumption and recommending vehicle replacements
- Responsible for weekly/monthly road patrols for regulatory compliance and maintenance records
- · Responding to resident requests and emergency situations
- Preparing and administering the engineering component of the Development Charge By-law
- Coordinating or undertaking approvals for temporary road closures for special events and construction
- Reviewing traffic warrants and parking issues on existing streets

BUDGET HIGHLIGHTS:

OPERATING BUDGET: The roads administration operating budget includes:

- Increases in spending over 2022 budget amounts for fleet, insurance, equipment, wages, and sweeping
 - o All increases are primarily resulting from cost-of-living increases
 - Increases in fleet and equipment are directly resulting from over 50% increases in fuel prices for operating pick ups, plow trucks, and other heavy equipment used in day-to-day operations

CAPITAL PROJECTS: The 2023 Public Works Department capital budget includes projects totalling \$3,459,000. Roads Department projects include the following:

- Resurfacing projects: Fourth Line (Highway 7 to Wellington Rd 124) and Guelph-Nichol Townline (Highway 6 to Jones Baseline)
- Asphalt maintenance projects: reapplication of micro-surfacing on Seventh Line from Wellington Road 50 to Wellington Road 29, Sideroad 20 from Fifth Line to Sixth Line and Sixth Line East from Wellington Road 51 to Sideroad 14
- Surfacing Projects: hot mix paving of Albert Street
- Bridge/Culvert Projects: repair approach settlements at Bridge 082 on York Street in Eden Mills and complete detailed design for two bridges on Seventh Line
- Fleet related: single axle plow/sander replacement, pick-up replacement, and a new growth-related fleet vehicle (pick-up)

TOWNSHIP OF GUELPH/ERAMOSA Department Summary 2023 Budget

DEPARTMENT: Environmental – Water and Wastewater

CORE SERVICES:

- Responsible for the supply and distribution of safe drinking water, wastewater collection systems, wastewater primary treatment facilities, pumping stations, and water storage facilities, all in accordance with Ministry of Environment Certificates of Approval, Drinking Water Works Permit, and Municipal Drinking Water Licence requirements. This includes the administration of the Drinking Water Management Plan, mandatory monitoring, daily inspections/confirmation and calibration of process equipment, the collection/analysis of over 900 water/wastewater samples per year, and the maintenance of all facility/process equipment through a comprehensive maintenance management system.
- Carry out routine maintenance of water and collection systems including water/sanitary main flushing, swabbing, water and sanitary service replacements, emergency repairs, storage inspection/cleaning, sanitary service blockage/service calls, service locates, and valve and hydrant programs.
- Responsible for monthly/quarterly meter readings including inspection, service, and replacement of over 1,800 service connections. The inspection, sealing, and remote read configuration of new water meter installations.
- Respond to resident requests and emergency situations.
- Develop, maintain, and coordinate the use of the Township's water and wastewater systems computer models that are used in conjunction with design assignments, project management, and infrastructure network analysis. Software licensing agreements related to Computer Maintenance Management System and SCADA alarm handling.

BUDGET HIGHLIGHTS:

OPERATING BUDGET: The water and wastewater administration operating budget includes:

 Increases in budgeted spending over 2022, including the cost of insurance, property taxes, wages, and anticipated increase in wastewater treatment costs to the City of Guelph

CAPITAL PROJECTS: The 2023 Water Wastewater Department capital budget includes the following projects totalling \$1,140,000 combined:

- SCADA upgrades
- A second watermain connection across the railway
- Watermain replacement on a portion of Alma Street
- New pumps at Huntington pumphouse
- A new water/wastewater fleet vehicle
- Continued sanitary inflow investigations through smoke testing

culvert											
The existing twin CSP culverts have been identified in our OSIM review as "replacement recommended as soon as possible". Additionally the Township's consulting engineer has recommended that the crossing to equipment and vehicle traffic be closed and only permit pedestrian traffic until replacement takes place. This project is grant funding dependent.
