INDEPENDENT AUDITOR'S REPORT

To the Members of Council, Inhabitants and Ratepayers of The Corporation of the Township of Guelph/Eramosa

We have audited the accompanying consolidated financial statements of The Corporation of the Township of Guelph/Eramosa, which comprise the consolidated statement of financial position as at December 31, 2013 and the consolidated statements of operations, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of The Corporation of the Township of Guelph/Eramosa as at December 31, 2013 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

THE CORPORATION OF THE TOWNSHIP OF GUELPH/ERAMOSA NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of The Corporation of the Township of Guelph/Eramosa are the representation of management prepared in accordance with Canadian generally accepted accounting principles for governments as recommended by the Public Sector Accounting Board of Chartered Professional Accountants of Canada. Significant accounting policies adopted by The Corporation of the Township of Guelph/Eramosa are as follows:

(a) BASIS OF CONSOLIDATION

(i) These consolidated financial statements reflect the assets, liabilities, sources of financing and expenditures for the revenue fund, reserve funds and reserves and include the activities of all committees of Council and the boards and municipal enterprises, which are under the control of Council. There are no local boards or municipal enterprises under the control of Council to be consolidated. These are also non-consolidated entities.

All interfund assets and liabilities and sources of financing and expenditures have been eliminated with the exception of loans or advances between reserve funds and any other fund of the municipality and the resulting interest income and expenditures.

- (ii) The taxation, other revenues, expenditures, assets and liabilities with respect to the operations of the school boards and the County of Wellington are not reflected in the municipal fund balances of these financial statements.
- (iii) Trust funds and their related operations administered by the municipality are not consolidated, but are reported separately on the trust funds statement of continuity and statement of financial position.

(b) BASIS OF ACCOUNTING

- (i) Sources of financing and expenditures are reported on the accrual basis of accounting. The interest charges are not accrued for the periods from the dates of the latest installment payments to the end of the financial year.
- (ii) The accrual basis of accounting recognizes revenues as they become available and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.
- (iii) Capital outlay to be recovered in future years, which represents the outstanding principal portion of unmatured long term liabilities for municipal expenditures transferred to other organizations, is reported on the Consolidated Statement of Financial Position.

(c) DEFERRED REVENUE

The revenue is reported on the Consolidated Statement of Operations in the year in which it is used for the specified purpose.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) CREDIT RISK MANAGEMENT

The municipality is exposed to credit risk on the taxes receivable from its' ratepayers.

The municipality does not have a significant exposure to any individual customer or counterpart.

(e) TRUST FUNDS

Funds held in trust by the municipality, and their related operations, are not included in these financial statements. The financial activity and position of the trust funds are reported separately on the Trust Funds Statement of Continuity and Statement of Financial Position.

(f) NON-FINANCIAL ASSETS

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Assets for the year.

(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributed to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital asset are amortized on a straight-line basis over their estimated useful life as follows:

Land improvements Facilities Vehicles (Rolling Stock)	10 to 50 years 15 to 95 years 7 to 20 years
Equipment Non-Pooled	5 to 25 years
General Government pooled	7 to 15 years
Transportation Services pooled	10 years
Recreation and Cultural Services pooled	5 to 10 years
Protection Services pooled	5 to 30 years
Infrastructure - Environmental	
Sanitary Mains/Force Mains	50 to 85 years
Water Mains	50 to 85 years
Water Meters	25 years
Hydrants	35 years
Infrastructure - Transportation	
Roads	0 to 50 years
Bridges and structures	35 to 75 years
Streetlights	40 to 70 years
Signs	10 years
Sidewalks	15 to 30 years

None of the annual amortization is charged in the year of acquisition and a full year's amortization is charged in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- (f) NON-FINANCIAL ASSETS (continued)
 - (ii) Contributions of tangible capital assets
 Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.
 - (iii) Leases Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

2. FINANCIAL INSTRUMENTS

The municipality's financial instruments consist of cash and cash equivalents, taxes receivable, accounts receivable, accounts payable and accrued liabilities, due to developers, and net long term liabilities. INDEPENDENT AUDITOR'S REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the Township of Guelph/Eramosa

We have audited the statements of financial position of the trust funds of the Corporation of the Township of Guelph/Eramosa as at December 31, 2013 and the statements of continuity of the trust funds for the year then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these financial statements present fairly, in all material respects, the financial position of the trust funds of the Corporation of the Township of Guelph/Eramosa as at December 31, 2013 and the continuity of the trust funds for the year then ended in accordance with Canadian public sector accounting standards.
