

FALL 2019 - WINTER 2020

Be a part of the Fall 2019 - Winter 2020 Guelph/Eramosa Community Guide, which will launch during the week of August 19, 2019, and be delivered to more than 5,000 households. It will also be made available online and at various Township facilities including the Municipal Office, Royal Distributing Athletic Performance Centre and in libraries within the Township.

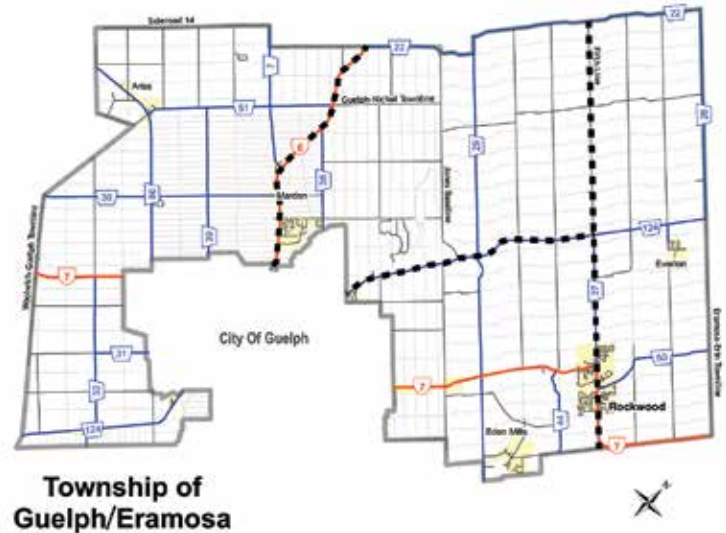

This full-colour Guide will be published annually – during late summer – and will provide citizens with a comprehensive resource for events and activities. The Guide will be a source of important municipal information such as Mayor/Council updates, Township services like recreation, roads and water, and key municipal contact information. It will also promote local businesses and other community services, and help to support community and cultural connections.

Advertising opportunities are available for regional businesses and organizations to help us promote healthy and active living in the Township. Premium position ads are available as well as a variety of smaller sizes.

The map to the right shows the areas the Guide will be distributed, which surrounds the City of Guelph.

### DEADLINES
