Dear Amanda Roger,

I am writing to inform you that the replacement tower proposal at 7384 Wellington Road 30 is now no longer required, and the application is hereby withdrawn.

The current Landowner reached out to Bell Mobility and has significantly changed their position on the land-use agreement terms. An acceptable land-use arrangement has now been agreed upon between the current Landowner and Bell Mobility to continue providing service and reliably plan for network improvements using the existing tower

We very much appreciate your time and collaboration to date to ensure continued services to your community.

Sincerely,
